Cannon Ends 38 Years Service In Washington

WASHINGTON, March 17.—After thirty-eight years consecutive service in Congress, Joseph G. Cannon leaves Washington tonight without ceremony. "My word will be adieu, not goodbye," the former speaker declared today. "I may come back, you know." He said he is going to remain in politics as a citizen. He said:

"I am leaving Washington with few regrets but many friends. I do not intend to embark in business, but will attend to my private affairs, visiting Washington occasionally. My folks had made plans for a trip around the world in November."

When asked if he really would go abroad, Cannon declared: "Hell no. I'm going to Danville."

Scores of personal friends called on Cannon today to say informal goodbyes.

R.R. COMMISSION BLAMED BY LOVETT

Says Dissolution of Merger Plan Must Begin Again Because of Its Disfavor

NEW YORK, March 17.—Responsibility for the failure of the recent plans for dissolution of the merger of the Southern Pacific and Union Pacific was placed on the California railroad commission today by Judge Lovett, chairman of the board of directors of the Union Pacific.

"The refusal of the California body to approve certain leases made it useless to present our plans to the circuit court at St. Louis Saturday," Judge Lovett said.

He admitted the attorney was working on new plans, saying:

"We must start afresh on the dissolution plans, hoping to evolve one that complies with the supreme court decision. When finished we will submit it to Attorney General McReynolds and the circuit judges."

MORE COLD WEATHER FOR THE EAST IS PREDICTION

WASHINGTON, March 17.—Low temperatures for the season will prevail the greater part of the coming week over much of the country east of the Rocky mountains, with frost Monday and Tuesday in the Southern states, except the central and southern portion of Florida.

With the exception of light local snows along the northern border and rains in the North Pacific states, the weather will be generally fair during the next several days.

MURDER SUSPECT ARRESTED BY SHERIFF

Prisoner Declares He Is Not Man Sought and Insists on Another Name

CRIME COMMITTED HERE 2 YEARS AGO

Until Identification is Fixed Satisfaction Accused Will Be Held

A Mexican is being held in the county jail under suspicion of being the murderer of Marcos Guerra, who was killed in Santa Ana about two years ago. The prisoner insists that his name is Justo Jaranillo, and denies all knowledge of the crime, but the sheriff's office has received information to the effect that his true name is Benigno Arellano.

The prisoner was taken into custody at No. 15½ Commercial street, Los Angeles, last night. He declared that since the murder he has never been more than 100 miles from the scene of the crime, and has made repeated visits to Santa Ana, and that he is not the man sought. He was captured by Detectives McNamara and Cohen and Deputy Sheriff Law.

It appears that Benigno Arellano is known to have killed Guerra, and the question now is: Is Jaranillo in reality Arellano?

Benigno resided at Talbert. Jaranillo declares he never resided in Talbert, and his son, a youth of about 19 years, corroborates his claim. He admits, however, having resided at Garden Grove for a week; at Buena Park for a "long time," and having for about two years past made his home at Oxnard.

The authorities have had several persons call at the county jail and view the prisoner, and some of them, it is said, are inclined to believe that he is the much-missing and much-wanted Benigno Arellano.

"We are not satisfied with this man's story and we will hold him until we have proven whether he is the man we want or not. Our information that led to his arrest in Los Angeles is trustworthy."

ORANGE COUNTY BOY WON NEW HONORS

Took Three Firsts In Stanford U. S. C. Track Meet and Ran In Relay for U. S. C.

LOS ANGELES, March 17.—That Fred Kelly of Orange county, Olympic prize winner, and all-round athlete, is one of the leading athletes of the world was made more than ever conclusive by his magnificent work in the big Stanford-U.S.C. track meet, won by U.S.C., last Saturday, on Bowditch field, Los Angeles.

Kelly won three firsts for U.S.C. taking the shot-put from Bedeau and Clement in a throw of 41 feet, 5½ inches; the 220-yard hurdles from Murray and Laird, in 25 seconds; and the 120-yard hurdles in 15 seconds. Besides this he ran in the mile relay for his college, losing by only two yards to the redoubtable Robb of Stanford. His honors shine as the greatest cinder event ever held in Southern California. Of the victories of the Orange county man the Los Angeles Times, calling him the "Great Kelly," says:

"There is no doubt now but that Fred Kelly is one of the most splendid athletes in the world. In the 120 high hurdles, three watches caught him in 14 4/5s, and in the other two showed 15 flat. This marks of fifteen flat equals the world's record. He won the shot put with three heaves, then dashed in first in the 220 hurdles, beating the famous Whited and Murray, of Stanford, with yards to spare in 25s. flat, which is faster than has ever been made on the U.S.C. track. All hail to Kelly. He is a wonderful athlete, and Dean Cornwell is his coach.

WHITE SLAVERY LAW FOR MEN ELOPERS

Caminetti and Diggs Face Federal Prosecution for Fleeing With Society Girls

WARRANTS FOR WIFE DESERTION ALSO SWORN TO

Men Shrink Under Results of Acts; Senator Caminetti Burdened by Son's Conduct

SAN FRANCISCO, March 17.—Federal District Attorney McNab made the flat declaration today that he will prosecute Maury Diggs and Drew Caminetti on the charges of violation of the Mann white slave act. He said warrants would be sworn out today.

Diggs and Caminetti eloped from Sacramento recently with Martha Warrington and Lola Norris, society girls. Both men are married.

WIFE DESERTION WARRANTS ARE ALSO SWORN OUT

SACRAMENTO, March 17.—New warrants were sworn out today charging Drew Caminetti and Maury Diggs with wife desertion. District Attorney Wachorster held a telephone conversation with Federal District Attorney McNab of San Francisco today, later announcing that the men will be prosecuted in the federal courts under the Mann white slave law.

According to reports Diggs and Caminetti for the first time today realized that their escapade was more than a prank. It is reported both turned pale when told of the decision to prosecute. There will probably be no action against the girls.

Senator Caminetti appeared in the senate today for the first time since the news of the elopement. When asked if the report is true that he is the president's choice for collector of the port of San Francisco he turned to the newspapermen and said: "Boys, you know I have always been glad to talk. I am here today under a heavy burden and I am sure you will ask no further questions."

OBSESSED BY FEAR WOMAN THREW SELF FROM HIGH WINDOW

SAN FRANCISCO, March 17.—Betrayed by the obsession that thugs were seeking her life, Mrs. A. Howard, aged 45, tried to cut her throat with a razor, then leaped from a third-story window of the Sherman hotel. She was picked up in a dying condition with almost every bone broken.

PORT SURVEY COMPLETED

SAN JOSE, Cal., March 17.—Cursory survey of the port San Jose was finished recently and the preparation of the big map of the city of San Jose together with the annexation strip will be commenced at once. The surveying has required several weeks of labor by the city engineer's staff. The boundary lines are all now ascertained, the windings of Gaudalupe slough traversed, and all of the data secured.

BIG LEVEE BREAKS AND FLOODS MACON

ATLANTA, Ga., March 17.—Macon, Augusta, Columbus, Albany and other Georgia cities are being partly flooded as a result of heavy rains which have caused the Savannah, Ocmulgee, Chattahoochee and Flint rivers to leave their banks. Macon and Augusta so far are the principal sufferers.

At Macon yesterday a big levee broke and a portion of the city on the Ocmulgee was flooded by the turbulent waters. William Wilson, an employee of the Interstate Chemical company, was drowned as he was telephoning his sister that the flood was threatening the plant. Many families have been driven from their homes and the property loss is heavy.

A section of Columbus located on the Chattahoochee has been flooded but no loss of life is reported.

Taft Watches Flood Scenes

Augusta is suffering greatly from the swollen Savannah river, which has left its banks. The water has invaded many sections of the city and many families have been forced to leave their homes. Ex-President Taft, who is taking a vacation at Augusta, spent part of the day viewing the devastation wrought by the flood.

Railroad Damaged

The railroads of the state have been damaged greatly. They fear numerous washouts, which have tied up traffic and resulted in wrecks. The Southern railway is unable to operate trains over its tracks between Atlanta and Macon and is sending its passenger trains over the tracks of the Central of Georgia.

South of Macon train service has been well nigh suspended. The Atlantic coast line is a heavy sufferer.

2 MEN ARRESTED ON SUSPICION OF ROBBING NEWPORT BEACH BANK

Captured in Los Angeles Dive; Brought To Santa Ana County Jail to Await Further Developments

Two men are being held in the county jail here on suspicion of having participated in the robbery of the Newport Beach Bank, which took place at night about a year and a half ago, the robbers taking about \$2000.

The attack on the bank created considerable of a sensation in the beach district at the time, because of the unusual nature of the event and the shooting of one of the four men implicated in the crime.

Ever since the robbery the officers of Orange county have been kept informed as much as possible in regard to possible clews that might lead to the eventual capture of the desperados. Recently Sheriff Rudock received information that led him to believe that at least two of the men were in Los Angeles, and Saturday last Sheriff Law visited the Southern Metropolis for the purpose of ferreting out the latest clew.

Accompanied by Detective Rico of Los Angeles, Sheriff Law located the two suspects in a dive about midnight Saturday night. They were taken into custody and yesterday

brought to this city.

At the county jail the suspects gave their names as H. Carlisle and Harry Blue. The former was disposed to be communicative but his companion refused to talk about the Newport Beach affair or anything else. The officers declare that Carlisle seems to be familiar with incidents connected with the robbery, and that he has demonstrated an intimate knowledge of it that few men possess.

Deputy Sheriff Jake Saunders, of Balboa, took a look at the prisoners Sunday afternoon, and he is inclined to believe that Blue is one of the quartet of robbers. A young man named Hewitt, who is being held for alleged complicity in the purloining of a boat at Newport Beach, and who saw the four robbers at the time of their visit to the bank, also saw the two men yesterday, and he positively identified Blue as one of them.

At the time of the crime, one of the robbers named Bill Davis, was shot in the leg, and died in the county jail. No clew to the other men has ever been secured that amounted to anything tangible.

CONGRESS EXTRA MEXICAN REBELS CALLED FOR AGAIN MEET APRIL 7 DEFEAT

Tariff Revision and Currency Reform Topics—McCombs Offered Paris Post

WASHINGTON, March 17.—President Wilson has issued a proclamation for a special session of Congress on April 7. The call does not specifically limit the session to tariff revision consideration, thereby leaving it open for any urgent matter. It is believed that currency reform will also be discussed.

SENATE CONFIRMS WILSON'S APPOINTMENTS EXCEPT NEILL

WASHINGTON, March 17.—The Senate has confirmed all of President Wilson's appointments except Charles T. Neill as commissioner of labor. The southern congressmen are bitterly opposing Neill.

Session Closed Sine Die

The special session of congress closed at 2:03 o'clock today when the senate adjourned sine die.

McCOMBS MAY NOW BE OFFERED POST IN FRANCE

NEW YORK, March 17.—Generally credited rumors are that William McCombs, chairman of the national Democratic committee, will accept the ambassadorship to France. The London post was recently offered him, it being reported that McCombs refused to accept. It is not officially confirmed that the Paris post has been offered him, but the reports originated from apparently authentic sources.

FEDERALES TAKE BATTLE SPOILS; THIRTEEN REBELS EXECUTED

NACO, March 17.—General Ojeda's Yaqui lieutenant executed ten rebel chiefs on the battlefield yesterday and brought in fifty prisoners. Jose Gutierrez, comisario of Pilares, and two others were shot at 3 o'clock yesterday morning, the balance joining the federal troops.

Calles claims that fifty of his men taken prisoners by the federal Yaquis have been executed.

RIOTERS ATTACK SUFFRAGETTES IN HY

SHERMAN BRAVES RAISE SANTA ANA HAIR

Redskins Entertain the Local Balltossers and Keep the Best End of Score

INDIANS WERE SEVEN,
SANTA ANA BUT FOUR

Palefaces Treated Royally by Their Red Brethren Before and After Game

The score—Indians 7, Santa Ana High 4.

This is the official score of the baseball game played between the Sherman Indians of Arlington and the Cardinals of Santa Ana high school last Saturday on the Indian field. The margin of defeat looks big, but several times Santa Ana had the bases full and in trying to steal home they were called out on very close decisions, so close that from the bleachers they looked safe. This was done four times, causing Santa Ana to lose four runs, enough to beat the game.

Both teams were batting strong. The Cardinals were doing some of the best batting they have done this year, against an Indian pitcher that had the stuff behind the ball. Both Capt. "Shorty" Smith and "Jug" Walters were the star batters of the day.

Out of four times at bat they managed to grab three hits apiece. Carver, Brown, Corrillo and "Pete" Duhart procured hits. Summing up the hits on both sides, Santa Ana is credited with ten, and the Cardinals' south-paw pitcher, "Old Woman" Warren, only allowed nine for the Indians.

Santa Ana got her first run by Corrillo's walk and then Walters knocked a single and made second on an error at first. This advanced Corrillo to third, and later he stole home, scoring Santa Ana's first run. The seventh inning proved lucky for the "Big Chiefs" by netting them a gain of four runs. The inning started out for the Indians with Loury getting hit on the shoulder and taking first; he stole second. Castello was thrown out at first. Jim singled, bringing Loury home. Jim went home on White Tree's two base hit over right field. Knabel fled out to first. White Tree third, and went home on Calac's single. Calac stole second and

third and went home on an error. Majado was out on first. This was probably the most exciting inning of the game and if the Indians had not been lucky enough to hit the ball when they did the score would have stood 4 to 3 in Santa Ana's favor.

The game was played before about five hundred thoroughbred Indians from the Institute. During the seventh inning, while the Indians were at bat the brass band was drowned out by shouts, yells and Indian calls. It sounded like an Indian tribe on the war path.

Both teams played a hard, steady game and the Santa Ana players deserve much credit for their great hitting. Judgment of balls in the strong wind that was blowing. The lineups were as follows:

S.A.H.S.

White Tree	P	Warren
Benson	C	McGaffee
Gim	IB	Walters
Knaki	2B	Corrillo
Castello	3B	Carver
Loury	SS	Duhart
Calac	RF	Brown
Baker	CF	Smith
Majado	LF	Wilson
Nelson		

Hits—Off Warren, 9; off White Tree, 10. Walks—Off Warren, 2; off White Tree, 2. Struck out—Warren, 8; White Tree, 6.

SPENDS FOR GENDARMERIE

TEHERAN, March 17.—It is generally understood that the sum of £100,000 which Great Britain intends to advance to Persia, is to be allocated in its entirety to the gendarmerie of the south. The terms of the advance, which was announced a short time ago by Lord Morley in the House of Lords, are under discussion.

FRENCH PRESIDENT POPULAR

PARIS, March 17.—President Poincaré appears to be an especial favorite with the work girls of Paris. On the day he took up office five out of every six "midinettes" spent the picture usually devoted to a cup of coffee in buying the new president's picture enshrined in a bunch of violets.

YACHTING TIME OFF ORANGE COAST

Newport Beach and Balboa Bay
Scene of Festivities the
Coming Season

NEWPORT BEACH, March 17.—Vice-Commodore and Mrs. Albert T. Soiland entertained thirty-one members of the South Coast Yacht club at the clubhouse at East Newport Saturday night.

The occasion was the formal opening of Station A of the South Coast Yacht club for the season and it is expected that many happy gatherings will follow this summer.

A seven-course dinner was served to the guests in the spacious clubhouse, after which dancing was indulged in until 1 o'clock in the morning. The dining-room and ballroom was profusely decorated with green in honor of St. Patrick's Day.

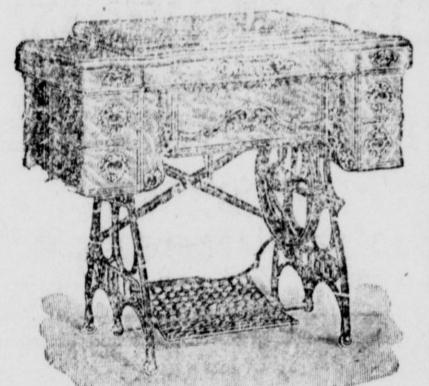

H. W. Mellen acted as toastmaster at the banquet and numerous toasts were responded to by the different members, the burden of which was a general wish for the hastening of the development work at the entrance to Newport bay in order that the yachts might find safe anchorage inside instead of being compelled to lie up at the outside buoys whenever Newport Beach is visited.

The fact that Sir Thomas Lipton had become a member of the South Coast Yacht club was dwelt on by former Commodore Laubersheimer in his talk and was declared to be the forerunner of much future enthusiasm in the yachting game in Southern California waters.

Those who partook of the hospitality of Vice-Commodore and Mrs. Soiland were Commodore and Mrs. Hubbard, ex-Commodore and Mrs. Laubersheimer, Mr. and Mrs. Harry Wyatt, Mr. and Mrs. E. Seward, Capt and Mrs. J. Van Valin, Dr. and Mrs. Goodrich, Port Captain Percival, Dr. and Mrs. W. W. Richardson, H. H. Sinclair, chief electrician of the Edison company; Mr. and Mrs. W. W. Wallace, Mr. and Mrs. Fred W. Beckwith, Rear Commodore Percy Eisen, Mr. and Mrs. W. S. Wright, Mr. and Mrs. Bicknell and Miss Pelham, Mr. and Mrs. H. W. Mellen.

\$46,280 COMES FOR COUNTY SCHOOLS

Apportionment of Funds Being
Made by the State of
California

The sum of \$46,280.22 was paid into the Orange county treasury today by the State of California, as this county's share of the money raised by the public for the maintenance of the public schools.

Of this amount \$7,194.14 is apportioned to the high schools, and the remainder, \$39,086.08, is to be divided among the other county schools in proportion to the enrollment of pupils.

This is the second semi-annual apportionment of school funds, the total amount being divided by the state according to \$1,974,614.40. This total is for the elementary schools, the high schools of the state having \$288,173.18 for division.

The apportionment among the Orange county high schools has been made as follows: Santa Ana, \$2,798.94; Orange, \$1339.18; Anaheim, \$1184.31; Fullerton, \$1028.38; Huntington Beach, \$852.33.

Riverside will receive for its elementary schools \$31,975, and for its high schools nine in number, \$7,937.

San Diego will receive \$58,115 for the lower grade schools, and \$979 for its high schools.

Los Angeles receives \$429,628 for its elementary schools and \$71,118 for its high school counties. San Francisco will receive \$252,651 for elementary schools, and only \$14,351 for high schools.

**BALDNESS—WHY IT
COMES AND HOW TO
AVOID BEING BALD**

WASHINGTON, D. C., March 17.—Surgeon J. C. Cobb of the U. S. health service, Chicago, Ill., says that baldness is a habit disease, and that the tight hat band is the principal factor in producing baldness. He condenses his views on the matter as follows:

Dandruff does not cause baldness.

Baldness is not caused by a germ.

Baldness is caused almost solely by the tight hairband.

The finer and thinner the hair, the more care one must give it.

Do not be alarmed when the hair falls out. Brisk massage of the scalp, and pulling the scalp back and forth, vigorously, will stop it.

Wash the hair frequently.

Brush the hair often—the stiffer the brush the better.

Do not have the hair singed.

Do not have the hair cut short, even in summer.

Pull out all the loosened hairs every day, and at the same time pull the scalp back and forth. Pulling the hair strengthens the hair roots.

Avoid bad soaps and special preparations for washing the hair. The best and safest soap is plain castile.

Avoid all hair tonics and hair restorers—they are nearly all pure fakes. Put the money spent for fake dandruff cures and hair restorers on having your head massaged.

And last of all, pad the hat band so it will be soft, and remember to never pull the hat down tight on the head.

**CHARGE HIM WITH
GIVING BAD CHECKS**

Santa Ana Man Is Taken Into
Custody by Authorities
at Stockton

CITY MARSHAL JERNIGAN RECEIVED today the news of the arrest at Stockton of G. W. Robinson, a former resident of Santa Ana, who is charged with issuing and passing worthless checks.

Complaints against Robinson began to be made several days ago, and Constable Jackson secured a warrant for his arrest. Checks drawn on the First National Bank, which proved to be worthless, and said to have been issued by Robinson, were the cause for a general search being instituted. Robinson will be brought here for examination.

Among the alleged victims of Robinson are said to be Harry Vonnel, the shoe man; Vandermast & Son, W. A. Huff and Theodore Lacy.

**SANTA BARBARA TO VOTE
ON CLOSING OF SALOONS**

SANTA BARBARA, March 17.—Whether the licensed saloon is to be decided by a special election which anti-saloon forces say will be called within a few weeks. Last night petitions were circulated in practically all of the city churches and they received many signatures.

The petitions are addressed to the city council, stating that the signers want a special election to vote on four propositions, viz.: The saloon, wholesale houses, hotels and restaurants.

Santa Barbara advocates say that they are confident of defeating the issue, notwithstanding that women can vote. At the last election the saloons won by nearly 300 votes.

Former Santa Ana is Now Located

At Phoenix, in Land Business

—Wm. Besser, formerly of Santa Ana, writes that he is now located permanently at Phoenix, Arizona, where he has associated himself with the Arizona Irrigated Land Co., and invites all his old friends of Santa Ana and Orange county to make his office their headquarters when in Phoenix. Mr. Besser writes that he has already purchased a large tract of land himself and sees so many former Santa Ana and Orange county people on the streets of Phoenix that he feels thoroughly at home.—Adv.

BEHIND IN AVIATION

The number of aeroplane shows given at county fairs and cattle shows does not indicate any lack of interest in aviation in this country. But the recent report of Gen. Allen, chief of officer of the army signal corps, shows how behind this country is in military aeronautics.

France not merely has an enormous fleet of about 400 aeroplanes, but its far-reaching plans call for development of a fleet of some 2000 within about three years. Already the regiment of airmen numbers over 2500 men. Germany has some 160 aeroplanes with as many more ordered.

Meanwhile the United States has only a little fleet of 14 biplanes ready to fly, with an equal number of officers trained to handle them. Yet a leading French expert says that two batteries with one aeroplane are five times as efficient as three batteries without any flier.

Military experts declare that many history-making and map-cutting battles were lost through lack of information of the enemy's movements.

The United States, comparatively safe behind its ocean ramparts, does not need anything like the great forces of Europe. But the need of an efficient soldiery of moderate numbers is admitted by everyone, and the army of today, minus aeroplanes, is in as bad shape as a Civil war army was without any scouts.

Some say that the death of two lieutenants and an enlisted man at College Park, Md., last summer, may have chilled aviation enthusiasm among military men in this country. But probably the kind of flying done at aviation meets and county fairs may be much more dangerous than army practice. The exhibition aviator faces a threatening mob, who have paid down their admission fees, trolley fares and given their time to see the fun. With blood in their eyes, they demand ascensions regardless of wind or needed repairs. The aviator probably fears their taunts much more than he would the bullets of a possible foe.

ROGUES AND ROADS

There is very heavy and very constant outlay for the purpose of greasing the wheels of justice so as to protect honest men in their rights and punish rogues for their misdeeds. The pay of judges, justices, sheriffs, constables, detectives, policemen, the building of jails and penitentiaries and the occasional enforced muster of soldiers to maintain order and protect life and property right's constitute one of the most serious pulls on the purse of the taxpayer. Under such circumstances it would seem to be altogether proper, if possible, when rogues are caught and caged to make them pay for their keep. As it is more healthy to work than to loaf there is sanitation as well as saving in finding suitable employment for criminals who are able bodied and who have become a charge on the public revenues.

So much granted, to what better use can the muscle of the convict be put than to set him at work in improving the public roadways? A good road is a public beneficence. To build such a road or keep it in repair is of direct or incidental profit and advantage to every member of the community. Labor on the roads does not interfere with labor in the mills or mines or add to or subtract from the wage of labor in any other form of occupation. Why not bring about an industrial intermarriage between the jails and the boulevards. The proposal to put the thirty or forty prisoners in the San Bernardino jail at work to build a fine road through Cajon Pass is a move in the right direction.—Anaheim Plain Dealer.

ORDER TO SHOW CAUSE
In the Superior Court of the County of Orange, State of California.
In the Matter of the Estate of Helen G. Whitney, Missing Person.

Upon reading the verified petition of G. A. Whitney in the above entitled matter and it appearing therefrom that the said Helen G. Whitney, was a resident of the County of Orange, State of California, the same disappeared from her home on or about the 1st day of November, 1912; that since that time she was and has been missing from her home, and her whereabouts has been unknown; that said Helen G. Whitney has an estate consisting of real and personal property in the County of Orange, State of California, requiring the attention and care of some fit and proper person and it is necessary for the protection of the said estate that the court appoint some personal trustees thereof.

It is therefore ordered that the said petition of the said G. A. Whitney be filed and that the same be heard on the 18th day of March, 1913, at the hour of 9:30 a.m. in the courtroom of said court in the Court House in the City of Santa Ana, County of Orange, State of California, or at such future time as the said hearing may be continued and that all persons interested in said estate be present at the above named place, to show cause if any there be, why trustee for the said estate be not appointed according to law and the prayer of said petition.

in the "Santa Ana Daily Evening Register," a newspaper published and circulated in the County of Orange, State of California, once each week, for consecutive weeks, the said publication thereafter to appear three times in said paper, and that said publication at the time of said publication be sufficient notice to those interested in said estate of the time and place of the hearing of said petition.

Done in open court this 3rd day of February, 1913. Z. B. WEST, Judge.

NOTICE OF SALE UNDER DEED OF TRUST

Whereas, The Morton Dairy Company, a corporation, did, on the 6th day of November, 1911, execute and deliver a certain deed of trust to the Abstract and with its principal place of business at Santa Ana, California, as trustee, for the benefit and as security trustee for the benefit and as security for the payment of certain promissory notes in favor of Santa Ana Jersey Farm, a corporation, which deed of trust was recorded in the office of the County Recorder, in the County of Orange, State of California, on the 10th day of November, 1911, in Book 292, page 333 of Deeds, Records of said Orange County.

And Whereas, The notes secured by said deed of trust have been duly assumed by C. C. Bidgway and E. W. Bidgway.

And Whereas, default has been made by the said Morton Dairy Company in the payment of the principal and interest due on the promissory notes secured by the said deed of trust, so much thereof as may be necessary, in order to accomplish the object of said trust after due and legal notice as provided for in the terms of the said trust deed.

Now, therefore, pursuant to said deed of trust, C. C. Bidgway and E. W. Bidgway and in accordance with the terms and under the authority of said trust deed, the Abstract and Title Guaranty Company that it sell the premises in said trust deed described, so much thereof as may be necessary, in order to accomplish the object of said trust after due and legal notice as provided for in the terms of the said trust deed.

ANDRIST MUSICALE

Students Successfully Presented on Saturday Afternoon at C. C. Reed Home

A very pretty musicale was held Saturday afternoon at the beautiful residence of Mr. and Mrs. C. C. Reed on South Birch street by the piano students of Madam G. F. Andrist of the Andrist Academy of Music.

The large parlors were bright with spring flowers, and a happy crowd gathered at 2 o'clock. These meetings are very popular among the young folks and the children look forward to them with great delight. An excellent program was given by both beginners and advanced students. Every number was received with enthusiastic applause by the audience, especially the rendition of the piano solo of Beethoven's "Sonata Pathétique" by Anna Chumil, who showed artistic skill and appreciation of the composer's ideas; Verdi's "Il Trovatore" beautifully played by Myrtle Law; Bohm's "La Lingana," effectively by Bertha Miller; Leybach's "Fifth Nocturne," Jane Schaeffer; "Sweet Bye and Bye" with variations, Adah Squires; "Moonlight on the Cliff," Esther Squires. A fine arrangement of "Rock of Ages" with variations by Donna Horton was greatly enjoyed as well as the piano duet of the Comedy Overture (Kela Bela) by Myrtle Law and Bertha Miller.

Other students taking part in the program were as follows: Catherine Jasper, Rosalie Hoefer, Ruth Boose, Viola LeBard, Alice Hadrik, Emma Gisler, Mary Mueller, Velda Lamb, Charles Read, Russell Johnson, Harold Beckman, Clarence Hoefer.

After the program delicious refreshments were served by Mrs. Read and a social hour enjoyed. Those assisting in serving were Misses Irene Beever and Eleanor Steuron.

Charmingly Entertained

The "Jolly Good Neighbors" of South Bristol street were charmingly entertained Saturday evening at the home of Mr. and Mrs. Walter Neil. Progressive whist was the game of the evening, and the pleasure was much enhanced by guitar, violin and piano music. The pretty shamrock leaf score cards were appropriate to St. Patrick's day and also the small Irish flags presented to each guest on arriving.

The ladies' prize, a pretty landscape picture, was captured by Mrs. Blake, and the gentlemen's prize, also a pretty picture, was awarded to Mr. C. H. Stanley.

The dainty refreshments carried out the color scheme of the evening. Mrs. Ned Blake won the prize of an appropriate guessing contest in which the answers contained "something green."

Mrs. Neil was charmingly assisted by her daughter-in-law, Mrs. Chas. Williamson.

St. Patrick's Affair

The Helping Hand Society of the first Baptist church will hold its next calendar social in the church parlors, on the evening of March 18. It is to be a St. Patrick's affair and all members of the church and congregation are invited in the following poetical lines:

"Come to the church, dear friends, at eight.
Faith, mind yo now, and don't be late!
Be your name Bridget, be it Pat,
Or be it somethin' else than that—
It makes no matter, not at all,
We've names for all, both big and small."

HOSTESS AT DANCE

Grecian Women Power in Affairs of State
Charming Young Women Give Dancing Party at Moose Hall—Organize Club

A select social and dance was given Saturday evening at Moose hall by a number of charming young ladies of Santa Ana. Most enjoyable was this event and everybody had so delightful a time that it was decided not to let this be the last one of the kind. Accordingly during intermission a club was organized and christened as The El Novor Club. A social will be given each month, the next one to be on April 12. Many pleasant events are being planned for the summer by the club including several dances to be given at the beaches. No officers were elected, that matter being deferred till the next social.

Music was furnished for Saturday evening's affair by Sidi from Los Angeles. Refreshments were served by the hostess.

Mrs. S. Fluor, Mrs. Billy Kenpan, Mrs. F. Miller and Mrs. Olive Lopez chaperoned the party. Others present were Miss Lela Powers, Miss Ruth Collins, Miss Winna Andrews, Miss Elwin Collins, Miss Lucy Stephens, Miss Alice Robinson, Miss Grace White, Miss Hattie Service, Miss Irene Edwards, Miss Helen Cross, Miss Hester Robinson, Miss Esther Fluor; Messrs. Billy Bridwell, R. B. Whitney, D. Andrews, W. C. Collins, V. E. Peckham, J. H. Fowler, Gerald Chamys, Bob Munger, James Smart, Leslie Mitchell, Ed Biedict, Harold Scott.

EXCELLENT PROGRAM

Those Attending McKinley School Entertainment Praised It as Decided Success

The entertainment given last Friday evening at the McKinley Kindergarten on West Third street was a success from many points of view. The attendance was very good and the amount raised was very gratifying to the association whose auspices it was given.

The program was very entertaining and very well given and reflected credit to those taking part as well as to their respective teachers.

The humorous readings given by Mr. Chas. Shaw were much enjoyed, and the violin solo by Ross McPhee was particularly sweet and pathetic. He received a rousing encore but failed to respond, much to the regret of the audience.

The playette by the eighth grade boys, entitled "The Dutch Schoolmaster" was very well presented.

Their director, Prof. Denton, has reason to feel proud of the boys and feels duly justified for his untiring patience in drilling them.

For Miss Chapin

Mrs. C. W. Burns entertained on Saturday evening, inviting a company of about sixteen young men and women to meet Miss Margaret Chapin who accompanied Miss Ruth Burns home from U. S. C. on Saturday for an overnight visit. A delightful evening was spent with games, music and refreshments.

Past Matrons to Meet

The Past Matrons' Association, O. E. S., will meet tomorrow afternoon with Mrs. Barker, 422 South Broadway.

Today's Recipe

To make burnt sugar cake, take two and one-half cups flour, one cup of sugar, one cup of milk, two eggs, one-half cup butter, two teaspoonsful baking powder, two teaspoonsful flavoring. Take one cup of sugar and burn in skillet; as soon as it is all melted pour in one-half cup of warm water; then stir until it looks like it was ready, and put in cake.

Filling—One and one-half cups of sugar, one cup of milk, a little butter; cook in skillet, where sugar was burned. Then bake.

FORMER WIFE AND HUSBAND REMARRY

Charles Meakins, in "The Merry Widow"

AMUSEMENTS

Charles Meakins is one of the most popular of the younger leading men on the stage. He studied medicine at McGill University. Then he took up the stage. From the very beginning and with the exception of last season, he has been a stage prince. It was a natural transition, for Charley was known always as a prince among his fellows.

Now Charley has been the Prince Danilo of Henry W. Savage's principal company in "The Merry Widow" for several seasons and has invariably won for his own towards the close of each performance that altogether fascinating young woman, Sonia, after whose characteristics the opera is named. He also dances the waltz with her. But it is all in the play only. Even the country of which he is the crown prince is not on the map; at least the name isn't.

But then came the war between the Balkan states and Turkey. And the first leader into the field was Crown Prince Danilo of Montenegro. So, it is all recalled and Mr. Meakins' portrayal is fraught with curtain meaning. He is a real live prince, Right. At the time of the premiere and subsequent success of "The Merry Widow" in Vienna, a perfect made of abuse from the Montenegrin press was heaped on the authors of the piece for using the name of their crown prince and exposing the poverty of the little kingdom. They maintained that the name Morosova was a blind and that Montenegro was meant. The argument was conducted to the strains of "The Merry Widow" waltz.

So Charles Meakins as Prince Danilo has a living prototype. It rarely falls to the lot of any actor. The matinee girls may now dream of awful war and imagine their Prince Charley amidst the onslaught of the Turks, his blonde hair streaming in the wind as he dashes madly on victory.

"The Merry Widow" will be the attraction at the Grand Opera House, Tuesday, March 25.

Professor of Speaking

Interest is increasing in the coming visit of Dr. S. H. Clark, associate professor of public speaking at the University of Chicago, who will be the guest of the Santa Ana public school teachers on Monday evening, March 24. The following newspaper comments will give a fair idea of the estimation in which Dr. Clark is held:

Professor S. H. Clark of the University of Chicago had the largest audience this morning probably that ever assembled in this city to listen to the reading of a classic. Prof. Clark's Saturday readings are given under the auspices of the University Extension course. Nearly every teacher in Kansas City was present this morning. There was hardly a vacant seat in the Central High School auditorium when the reader opened the story of the morning: The Marriage of Geraint from Tennyson's Idylls of the King. Prof. Clark's great charm as a public reader lies not so much in the subject or the book, it seemed, as in the deep familiarity he shows with the value of each word spoken.—Kansas City Star.

The largest service a public speaker can render is to open men's eyes upon the largest things of life, inspire them with noble purposes and awaken in them mighty impulses to achieve that purpose. This service Prof. Clark rendered most excellently in the lecture he gave on the "Tragedy Ideal." Though dealing with a subject by no means popular in itself, such a master is of literature, so thoroughly in touch is he with the noblest spirits of the past who have given themselves to the world in the written page, that, by the power of his personality transformed by, and transfused with, their thoughts, he carried his immense audience with him into the highest realms in man's thoughts can live in.

The throng that left the opera house last evening went away with a deeper appreciation of the best in literature, a high resolve to live more nobly because of the inspiring atmosphere they had lived that hour in.—Baraboo (Wis.) Evening News.

CHEAP TIMBER FROM UNCLE SAM

National Government Assisting
Settlers and Farmers in
Home Building

WASHINGTON, March 17.—Timber from the national forests in this state is now sold to homestead settlers and farmers for their domestic use at cost. This is in compliance with a recent act of congress which authorizes the forest service to make sales of this character at a cost to the government of the time of the forest rangers making the sales.

The regulation provides that a rate shall be established at the beginning of each fiscal year, July 1, based on the cost of making the sales for the previous year. The current rate for California has been established at 50 cents per thousand feet for timber and 25 cents per cord for firewood.

This cheap rate is enjoyed by settlers in addition to the "free use" privilege. Those entitled to "free use" may secure free of charge, each year, timber or wood to the value of \$20, as in the past. Each year the forest service grants free permits in California for approximately 8,000,000 feet of timber, valued at \$14,000. The rangers' time in attending to these permits amounts to \$7,000 more, for which the government receives no return.

It is expected that in the future a large number of small sales under the new ruling will be made of cordwood, fence posts and building material.

NOBLEST SCIENCE BEST INSTRUCTION

**Pastor Russell In a College City
Advocates Bible as Text Book.**

The Value of Learning—Its Cost—Various Kinds of Knowledge—The Most Important One the Best Teacher—The Most Successful Pupils.

Ithaca, N. Y., March 16.—Pastor Russell is here; and in view of this being the seat of Cornell University he took as text the words of the philosopher: "Wisdom from Above the noblest science, the best instruction." It must be said, however, that the Pastor used various Scriptures, any one of which might have served for a text.

Once the colleges represented, not merely secular education, but the religious sentiment of their founders, usually religious men. Today, however, colleges are ashamed to acknowledge any religious affiliations; and although they represent high moral principles, nevertheless, they are hot-beds of infidelity—disbelief in the Bible as the Divinely inspired Revelation. This condition is deplorable.

In the Pastor's opinion the great institutions of learning, so well equipped for the inculcation of faith in God, are doing more to overthrow faith than are all other influences combined. The increase of knowledge he believed to be accountable for the increase of vice. He explained that the undermining of faith in the Bible as the Word of God and the incantation of the Evolution theory tend to destroy all faith in a personal God and in rewards and punishments from Him. One of the most peculiar things was that very wealthy men have richly endowed leading colleges, thereby destroying faith and unintentionally leading mankind to social revolution, to the precipice of anarchy.

Sympathy For Higher Critics.

Nothing in the Pastor's words indicated condemnation; on the contrary, he manifested a deep sympathy for those entangled in the snare of occultism and evolution. He had been entangled once himself, he said, but had gotten free. Had he gone so far as to doubt the existence of God, he believed that he would have been as lost in evolution as are many of the noble men occupying college chairs.

The Pastor believes the difficulty is that many cannot accept the Bible as the inspired record. So also he had once rejected it; for he had thought it to be in harmony with the absurd creeds of the Dark Ages. Now he is a most firm believer in the inspiration of the Bible. One of the surprising things his Bible study has revealed is that the Bible supports none of the creeds; and that none of the creeds or sects use all of the Bible. Each sect has selected doctrines from the Word of God, and uses these in its own defense. But each finds there teachings which do not fit in with its creed.

This city will have many Diapepsin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for indigestion or gastritis or any other stomach misery.

STOMACH SOUR? GOT INDIGESTION ALSO?

"Pape's Diapepsin" Makes Upset Stomachs Feel Fine in Five Minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapepsin costs only fifty cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these fifty-cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapepsin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxative or liver pills for biliousness or constipation.

This city will have many Diapepsin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for indigestion or gastritis or any other stomach misery.

FULLERTON KEEPING IMPROVEMENTS UP

FULLERTON, March 17.—The city trustees have sold sever bonds of the amount of \$26,400 to the Farmers & Merchants National bank of Fullerton at par. The bonds bear interest at the rate of 7 per cent.

A contract has been signed with Mr. Osborn of Fresno for grading nine miles of highway.

The city committee which had been appointed to appraise the plant of the Fullerton Domestic Water company made its report, placing a valuation of \$11,000 on the property. The company has offered to sell the plant to the city for \$15,000, but at a mass meeting held in Bank hall last week a motion was made and carried that the city pay no more than \$7500 for the plant. It is reported that a petition may be circulated asking the city to take the plant over at \$11,000.

Work has been started on the construction of a garage building on South Spadra street to be occupied by Albert Sitton. The building will be 50x130 feet. George P. Key is the owner of the property and has arranged with the Sitton garage for a long lease of the building.

Learning's True Value and Cost.

Learning along all lines of present day instruction is surely valuable. The applied sciences are doing much for the world. But while very important and helpful to human progress, these alone are not sufficient. The human mind must have a theory respecting its future destiny and the object of its present existence. The searcher for knowledge along these lines is usually referred to Plato and Socrates. None seem to think of progress in mental philosophy beyond these giants of the past. Yet, if the evolution theory be true, these men were much nearer the monkey state than we are today.

The Pastor sought to impress the propriety of beginning Bible study afresh,

ignoring the creeds of the Dark Ages,

and permitting the old Book to explain itself.

He pointed out, however, that the Bible specifically declares that without the Holy Spirit it cannot be fully and clearly understood.

Those who consecrate their lives to God and thus enter the School of Christ will be taught of Him.

TWO YOUNG MEN ARE HURT IN ACCIDENT

Motorcycle and Automobile In Head-On Collision Close to City Hall

SMALL MACHINE IS SOMEWHAT WRECKED

Ridley Smith and Charles D. Swanner Victims of the Unexpected Meeting

A head-on collision between a motor cycle and automobile at the southeast corner of Main and Third streets yesterday afternoon, resulted in painful but not serious injuries to two young men, and the partial destruction of the first named machine.

The injured were Charles D. Swanner and Ridley Smith. The former is the son of John Swanner of the firm of Swanner & Anderson, produce dealers on East Fourth street; and Smith is the son of John R. Smith of 1808 North Main street.

Smith had one ear almost severed from his head, it being cut in two places; and he was also badly shaken up and sustained a deep gash on his forehead.

Swanner had a close call from death, but escaped with comparatively light injuries. His left knee was cut and he was badly bruised all over his body. He was caught between the motorcycle and the auto and for a few moments it was feared that he might have been injured internally.

Swanner and Smith were riding on the motorcycle and were going west

Until April first we will serve the Register free to all who subscribe between now and that date.

That is, all subscriptions received between now and April first will be served at once, but entered as starting on April first.

All persons receiving the Register without having ordered it will please understand that it is sent, with the compliments of the publishers, that they may read it and thus be enabled to decide whether they wish to subscribe.

In other words we are merely offering a sample of the goods we have for sale. We believe the Register is at least as good a newspaper as any other newspaper published anywhere in a field like Santa Ana and Orange county.

Telephone your subscription to the Register office, Sunset 4, Home 409, and we will serve you regularly. On May first we will send you a bill for 50c and you can then decide whether you would prefer to pay by the year in advance, \$5, or by the month at 50c.

on Third street, and reached the corner of Main just as L. R. May, the real estate operator, came along Main street and turned at the city hall corner to go east on Third street. Both machines were going at a fair rate of speed, and they met so unexpectedly that it was impossible for either May or Swanner to avoid the collision. Smith was riding on the rear seat of the motorcycle.

The auto was somewhat scratched up but the motorcycle was badly wrecked. The front wheel was smashed, the gasoline tank demolished and the windshield smashed to smithereens. Mr. May directed that it be taken away and repaired at his expense. The Santa Ana Transfer company took the order.

Dr. Wehrly claimed to be passing at the time of the accident and he gave Swanner and Smith his immediate attention. After their wounds had been dressed they were sent to their homes.

The accident proved the sad ending of a day of pleasure, as both young men had come down from Los Angeles to spend the day with their parents. Mr. Swanner is a student in a Los Angeles law school and Mr. Smith is one of the employees of Hamburger's department store.

The picnickers were entertained with music from the Ingleside G. A. R. drum corps, and a program of speeches from prominent members of the society, including O. W. Blain, president; C. H. Parsons, secretary of the federation; Rufus Beale, Michigan state senator, and Mrs. Harriet Hendee, secretary of Michigan society of Oregon.

Mr. Parsons spoke of the new home of the federation at 957 West Seventh street, where headquarters will be established today, the first dinner being held Tuesday after the board meeting, to be served by women members of the board.

Mrs. Hendee gave details of the Michigan homoeopathic excursion planned to leave Los Angeles via the Salt Lake line June 27.

Members of the reception committee included A. S. Gale, T. H. Ballinger, C. C. Brown, E. S. Palmer and S. Young.

Officers elected for the coming year were Samuel Young of Los Angeles, president; C. C. Brown of Pasadena, vice president; Mrs. Clara Middleton of Long Beach, second vice president; T. L. O'Brian of Los Angeles, secretary and treasurer.

Plan Home Going

A "Michigan Home Going Trip" is being planned by the Los Angeles society, to leave Los Angeles via the Salt Lake line, June 27th, a. m., to be met by the Michigan societies of Oregon and Washington and be entertained by the mayor and commercial bodies together with Michigan people, with an organ recital and chorus of their 400 voice choir.

Leave Salt Lake via Denver & Rio Grande at 2 p. m. for Denver, arrive at Denver 4 p. m. to be entertained by the mayor and commercial bodies, also Michigan people by a banquet. Leave at 9:30 p. m. via Union Pacific to Omaha, arrive at 2 p. m. to be entertained by auto trip around the city. Leave Omaha via C. & N. W. at 9 p. m. for Chicago, arriving at 8 a. m. Leave Chicago via Michigan Central for Detroit to be met by Michigan people from all over the state.

Hold big reunion of Michigan people at Belle Isle July 4th, then scatter to our various points.

Train will be made up of the finest equipment that can be procured. Will be decorated in Michigan colors (light blue and gold) will carry a rear end electric light with inscription in large letters "Michigan Society of California," pianola pianos will be installed in the observation cars, entertainment car with moving pictures will be carried. Access to baggage car can be made at any stop. At all stopovers train will be sidetracked and used as our home till we move on there will be no hotel bill; meals will be furnished in diners at reduced rates; booklets will be gotten out with itinerary and personnel of the trip and presented to each passenger. Badges will be furnished to each one that are commemorative of the occasion with place to write your name and home town in Michigan thus always introducing yourself.

The side trips and entertainment all along are given with your ticket and would cost any other time over \$35.00. This will be a real live ad for the coast, for although we are all loyal to our home town, itineraries will be gotten out and mailed to any address giving trip in detail, a limit of tickets Oct. 31st, returning over any other route with stopover privileges. Any information gladly given, apply to Mrs. Harriet Hendee, 566 Lexington Ave., Portland, Oregon, who has charge of the arrangements, or Mr. P. H. Rothwell, 510 Grosse Blvd., Chairman Transportation Committee, or Mr. O. W. Blaine, 548 Detroit St., State President, J. W. Wetmore, president of the local society, Mrs. I. C. THE MARKETS

CITRUS SHIPMENTS

The shipments of all citrus fruits from all points south of the Tehachapi for the last seven days, as compiled by the Fruit World, have been as follows:

	Oranges.	Lemons.
Thursday, March 6	58	0
Friday, March 7	95	7
Sat.-Sun., Mar. 8-9	110	9
Monday, March 10	57	4
Tuesday, March 11	64	2
Wednesday, Mar. 12	64	8

Total	438	30
Total same week last year	292	94
Total to date this season	6,141	832
Total last season	8,681	1,526
Total same date 2 years ago	12,970	1,735

The "Fruit World," in its review of the citrus situation, says:

"The market on navels continues to improve and prices being received are satisfactory.

"From prices realized in some of the Eastern auction markets it will be noted that those markets are receiving some of the high-class fruit now going forward which heretofore has been marketed in the interior or private sale markets of the West. Up to \$4.75 average was realized in the Boston market on navels from the Glendale district this week, while the New York market paid \$4 average for best stock from the Durango-Monrovia district. The poor stock is being rapidly cleaned up, although some stock has sold around the dollar mark the past week in many of the auction markets. Considerable fruit, which was more or less damaged in transit by unfavorable weather conditions, has been showing up from time to time, and the fruit has sold at a very low figure.

"On the whole the orange market is in very good shape. With the poor stock rapidly cleaning up and the fact that the fruit now going forward consists of good marketable fruit, a continued improvement in the situation is looked for.

"The reports coming in from the orange districts are greatly encouraging for a good orange crop next season. Growers almost invariably state that the bloom buds are now swelling and the indications are that most of the trees will put out a liberal quantity of bloom. This indicates that there will be a good crop

"In the Redlands section, according to good authorities, the trees are putting out a surprising quantity of bloom, while in Highland the situation is even better and in Rialto the outlook is that there will be a big crop, as the damage to the trees was small and they are going to bloom heavily. This same condition prevails in most districts and all growers are hopeful that conditions will continue to improve as rapidly as at present.

"The lemon market shows no special change over a week ago. At the prevailing high prices buyers are not inclined to take hold of the fruit readily at this time. Best stock is bringing around \$6.50 to \$7 per box delivered.

"Contrary to the report that the entire lemon crop had been destroyed and that there would be scarcely any crop next season, it was reported at the packing house of the San Dimas Lemon Association this week that the association is now shipping an average of a carload of lemons a day, with about thirty-five cars still to be shipped this season.

"After a careful study of the groves

it is now stated positively that there will be at least half a crop of lemons next season. A further and detailed study of the trees shows that they were not damaged anywhere near the extent that was first reported. In fact, there are only rare instances where mature trees were seriously affected. What damage there is confined almost entirely to the young trees, but these also were found to be in better condition than was believed possible considering the weather conditions. It was not found necessary to cut the trees back to any extent and the growers in general are elated over the outlook."

LOS ANGELES PRODUCE MARKET

With the exception of a decline of 1/2 cent in the price of local ranch eggs, prices remained practically unchanged yesterday. Butter and cheese were steady.

Asparagus is steadily cheaper and prices will soon settle at the normal basis of about 8 cents a pound. A few shipments of peas and beans lend some variety to the vegetable market. Tomatoes remain firm at high prices. Practically none are coming in. Hot-house cucumbers are in fair demand. Potatoes and onions continue at about the same easy figures as usual. Trading in citrus fruits continues limited. Apples are still the leading attraction among the fruits, and prices have shown practically no important changes for some time. Bananas are cheap. A few scattered shipments of loquats are received. Pineapples remain scarce.

Reported receipts were: Eggs, 540 cases; butter, 38,020 pounds; cheese, 639 pounds; potatoes, 2745 sacks; onions, 350 sacks; sweet potatoes, 33 sacks; apples, 643 boxes.

EGGS—Ranch, candied, 24½; fresh ranch, case count, buying price, 21½; Petaluma-Santa Rosa, extras, 20@21½; northern case count, 16@19.

BUTTER—Buying prices: Creamy firsts, 31@32. Prices to the trade are about 3 cents above these quotations.
